NOTICE OF PROPOSED CHANGES TO MAXIMUM RATES FOR CENTURYLINK TELEPHONE SERVICES

CenturyLink has filed an application pursuant to Arizona Corporation Commission ("Commission") Rule R-14-2-1110 to increase the **maximum allowable** rates for certain services in its Exchange and Network Services Price Cap Tariffs on file with the Commission. This proposal will be voted on at an Open Meeting of the Commission and will become effective only upon approval by the Commission. **PLEASE NOTE THAT CENTURYLINK'S TELEPHONE RATES AND CHARGES ARE NOT CHANGING AT THIS TIME.** However, approval of changes to the maximum allowable rates may result in a subsequent filing to increase your actual rates and charges in the future.

CenturyLink's current residential single line rate, which has been in place since 1995, is \$13.18 and its current business single line rate is \$30.40. If CenturyLink's application is approved, the actual rates could not exceed a maximum rate of \$16.47 for residence customers and \$38.00 for business customers over the course of the next 3 years. A list of the current rates and the proposed maximum rates for the services included in CenturyLink's application is provided at the end of this notice.
